

# **SITE PLAN AND SITE PLAN MODIFICATION REVIEW PROCESS**

## **WHEN IS IT NECESSARY TO APPLY FOR SITE PLAN APPROVAL?**

The Town of Islip Zoning Ordinance requires all commercial, industrial, institutional, and multi-family planned unit developments obtain site plan approval for conformance with all Town of Islip Zoning Ordinance Standards and Land Development Regulations prior to the issuance of any land clearing or building permit. Additional significant site plan changes (examples: interior building alterations, landscaping, parking, lighting) require site plan approval prior to undertaking such actions.

Site plans are administratively reviewed by planning department staff and approved by the Town Engineer if all standards and regulations are complied with, the proposal ensures an attractive, efficient and appropriate development of land in the community pursuant to the comprehensive plan, and ensures that every reasonable step has been taken to avoid adverse impacts on surrounding properties.

Site plans may be referred to the Town of Islip Planning Board for review and approval if the administration determines the above criteria has not been met. Even if all standards and regulations have been met, staff may refer the matter for Planning Board consideration

## **WHEN IS IT NECESSARY TO APPLY FOR SITE PLAN MODIFICATION?**

The Town of Islip Planning Board may consider relaxations from the requirements of site plan approval if all land development regulations are not met. Any request for relaxation of the 25 foot buffer zone and relaxations exceeding 25% of the requirements of the land development regulations, require a public hearing.

## **WHEN IS IT NECESSARY TO APPLY FOR A VARIANCE?**

The Town of Islip Zoning Board of Appeals may consider variance from the zoning ordinance if all zoning standards are not met. All requests for variances require a public hearing (prior to a separate application and fee to the Zoning Board of Appeals). A zoning denial is required through the site plan review process.

# SITE PLAN AND SITE PLAN MODIFICATION REVIEW PROCESS

## **PROCEDURE:**

1. If necessary, the applicant may first schedule an appointment to meet with the planning department staff to discuss conceptual plans. Guidance can be provided on ordinance, land development regulations, and other town requirements.
2. The applicant shall submit an application to the Department for administrative review of the site plan and/or if necessary, scheduling for a Planning Board hearing for site plan modification and/or Zoning Board of Appeals for variance of zoning standards. At the time of application, a complete set of plans and documents shall be submitted as outlined in the attached. Plans must be received at least four weeks prior to the Planning Board Hearing. The Planning Board generally meets every other Thursday of each month and the Zoning Board of Appeals generally meets every Tuesday of each month.
3. Review comments will be provided to the submitting design professional with a copy to the applicant. Applicants/Owners and other representatives are encouraged to keep in contact with the design professional for status updates.
4. The Planning Department and Planning Board, in reviewing the site plan may require such additional measures as deemed necessary for approval. Such amended plans and conditions applicable to the proposed use shall be made part of the official record.

# TOWN OF ISLIP, NEW YORK

## SITE PLAN AND SITE PLAN MODIFICATION PROCESS

### **STEP 1**

PRE-APPLICATION MEETING WITH PLANNING STAFF.

### **STEP 2**

SUBMIT A COMPLETE APPLICATION TO THE PLANNING DEPARTMENT.

### **STEP 3**

PLANNING DEPARTMENT REVIEWS COMPLETE SITE PLAN APPLICATION FOR COMPLIANCE WITH THE TOWN ZONING CODE AND LAND DEVELOPMENT REGULATIONS. PLAN REVIEW IS COORDINATED WITH OTHER DEPARTMENTS AND INVOLVED AGENCIES AS DEEMED NECESSARY. STAFF CONTACTS APPLICANT WITH QUESTIONS AND/OR COMMENTS.

### **STEP 4**

IF ZONING STANDARDS ARE NOT MET, APPLICANT IS PROVIDED A ZONING DENIAL FOR SEPARATE APPLICATION TO THE ZONING BOARD OF APPEALS TO REQUEST VARIANCE OF ZONING STANDARDS.

IF LAND DEVELOPMENT REGULATIONS ARE NOT MET, PLANNING BOARD CONSIDERATION IS REQUIRED TO REQUEST RELAXATION OF REGULATIONS. A PUBLIC HEARING IS REQUIRED FOR REQUEST TO RELAX REGULATION BY 25% OR MORE.

### **STEP 5**

HEARING HELD BEFORE THE PLANNING BOARD. BOARD AND PUBLIC SUBMIT QUESTIONS, COMMENTS AND CONCERNS, IF ANY.

### **STEP 6**

APPLICANT AND STAFF WORK ON ADDRESSING ALL COMMENTS AND CONCERNS, AND STAFF DRAFTS APPROPRIATE CONDITIONS IF DEEMED NECESSARY.

### **STEP 7**

APPLICATION IS BROUGHT BACK TO THE PLANNING BOARD FOR A DECISION.

### **STEP 8**

SITE PLAN IS REVIEWED FOR COMPLIANCE WITH CONDITIONS (INCLUDING FEES, DEDICATIONS, EASEMENTS, ETC.) AND FORWARDED TO THE TOWN ENGINEER FOR FINAL APPROVAL.

# SUBMISSION REQUIREMENTS CHECKLIST FOR SITE PLAN AND SITE PLAN MODIFICATION

Application Requirements	MET	*NOT MET	N/A
Application Form—Completed, signed and notarized.			
Letter of Use—Typed narrative describing proposed site, building, and use including but not limited to the type of business, number of employees/seats, hours of operation, and interior/exterior site plan changes.			
Disclosure—Completed, signed and notarized.			
Fees—Check, money order or attorney escrow account check payable to the Town of Islip <ul style="list-style-type: none"> <li>• Site Plan Review: \$700.00 for initial 1 acre plus \$100.00 for each additional acre or fraction thereof</li> <li>• Site Plan Modification: \$500.00 plus \$250 for advertising and \$75 for Map &amp; Notification List or review, if a public hearing is required</li> </ul>			
One copy of an executed lease, deed, or contract of sale			
One certified copy of the certificate of occupancy or certificate of compliance—May be obtained at the Building Division located at One Maniton Court directly behind Town Hall—(631) 224-5470			
One copy of legal metes and bounds description—certified by a New York State Licensed Land Surveyor (signed and sealed), including Suffolk County Tax Map Number(s). <i>Should Schedule A of deed accurately describe property, the legal metes and bounds description will not be necessary</i>			
One copy of a current property survey (less than 1 year) including: <ul style="list-style-type: none"> <li>• Original Surveyor’s seal and signature,</li> <li>• North arrow and scale,</li> <li>• Bearings and Distances,</li> <li>• Topographic elevations in NAV 88 Datum,</li> <li>• Delineation and description of existing easements,</li> <li>• Delineation of land areas within the FEMA floodplain and base flood elevation,</li> <li>• Existing building walls, fences, and trees greater than 10” in caliper,</li> <li>• Title block denoting the surveyor’s name, address and telephone number, date of survey and Suffolk County Tax Map number.</li> </ul>			

\*NOT MET—APPLICANT MUST EXPLAIN WHY REQUIREMENT IS NOT NECESSARY

# SUBMISSION REQUIREMENTS CHECKLIST FOR SITE PLAN AND SITE PLAN MODIFICATION

<b>APPLICATION REQUIREMENTS</b>	<b>MET</b>	<b>*NOT MET</b>	<b>N/A</b>
Four full size drawing sets of the site plan, signed and sealed by a licensed professional engineer, architect or surveyor, showing conformance with the current Code ( <a href="http://islipny.gov/e-services/town-code/town-code-basic">http://islipny.gov/e-services/town-code/town-code-basic</a> ) and Land Development Regulations ( <a href="http://islipny.gov">islipny.gov</a> ) See attached review checklist for specific guidelines.			
Two copies of color architectural elevations and cross sections of all sides of the building, specifying color and material			
Short Environmental Assessment Form—(SEAF) Complete part 1 only. • Available at <a href="http://www.dec.ny.gov/permits/70293.html">http://www.dec.ny.gov/permits/70293.html</a>			
Additional Information—As required by staff.			
<b>ADDITIONAL APPLICATION REQUIREMENTS REQUIRING A PLANNING BOARD PUBLIC HEARING</b>	<b>MET</b>	<b>*NOT MET</b>	<b>N/A</b>
A 200 Foot Radius Map and Surrounding Property Owner List—A 200 foot radius map and a list of all property owners within the 200 foot radius must be obtained and submitted with the application. If any portion of a condominium property falls within the 200 foot radius, an individual mail notice shall be sent to each unit owner within the condominium property. The applicant may either acquire a radius map and list from the Town of Islip Planning Department, for a fee of \$75, or from a licensed surveyor. If the list and map are acquired through a licensed surveyor, the applicant is subject to a \$75 review fee. If the applicant owns or has an interest in property contiguous (adjacent) to the subject parcel, the list shall include property owners within 200 feet of the contiguous property.			
Eight reduced (11x17) drawing sets.			

\*NOT MET—APPLICANT MUST EXPLAIN WHY REQUIREMENT IS NOT NECESSARY

# REVIEW CHECKLIST FOR SITE PLAN AND SITE PLAN MODIFICATION

<b>ON SITE PARKING/LOADING</b>	<b>MET</b>	<b>*NOT MET</b>	<b>N/A</b>
All standard parking spaces shall be 9 feet wide by 19 feet long with a 23 foot back up aisle or 10 feet wide by 19 feet long with a 20 foot back up aisle 20' long where no vehicle overhang is provided			
One way aisles and angular parking are not proposed			
Island returns at end of rows are 15 feet long and minimum of 6 feet wide			
Building corner guards or bollards for structure protection when adjacent to vehicular access areas			
Number of handicap parking spaces in compliance with Table 1106.1 of NYS Building code			
Handicap parking spaces shall be located to provide the shortest access route to the building entrance, in compliance with the NYS Building Code Section 1106.6			
Handicap parking spaces, painted with blue striping 8 feet wide by 19 feet long with an 8 foot wide van accessible access aisle			
Handicap ramps with 5 foot minimum width ramps at 1:12 slope and tactile warning surfaces			
Permanently installed signs, displaying the international symbol of accessibility, at a clear height between 60" and 84" above grade, and setback of a minimum 18" from parking stalls			
"No Parking Anytime" sign at each handicap access aisle			
Signs shall not interfere with an accessible route from an access aisle			
Loading/service areas with turning radii denoted			
A passenger loading zone in compliance with ICC/ANSI A117.1 and valet parking services for medical facilities where the period of stay exceeds 24 hours			
Snow storage area on site, outside of landscape areas, or snow removal plan			
<b>FIRE MARSHALL REQUIREMENTS</b>	<b>MET</b>	<b>*NOT MET</b>	<b>N/A</b>
Fire access road shall be within 150 feet (300 feet if building is sprinkled) of all portions of the building and all portions of the exterior walls of the first story as measured by an approved route around the exterior of the building			

\*NOT MET—APPLICANT MUST EXPLAIN WHY REQUIREMENT IS NOT NECESSARY

# REVIEW CHECKLIST FOR SITE PLAN AND SITE PLAN MODIFICATION

<b>FIRE MARSHALL REQUIREMENTS</b>	<b>MET</b>	<b>*NOT MET</b>	<b>N/A</b>
Fire access road is constructed of asphalt, concrete, or grass-crete capable of supporting fire apparatus of 80,000 pounds			
Fire access road shall not exceed 10 percent in grade			
Dead-ended fire access roads greater than 150 feet in length with a turn-a-round with outside turning radius of 50 feet, inside turning radius of 25 feet. See Table FD103.5 of the Fire Code			
Fire access road is a minimum of 20 feet wide with outside radius of 50' and inside radius of 25' for buildings less than 30 feet high			
Fire access road is a minimum of 26 feet wide for buildings 30 feet high or higher. Overhead utility power lines are not located within the access road. Fire access road is located a minimum of 15 feet and maximum of 30 feet from the building and is parallel to one entire side			
Location of any proposed or nearest existing fire hydrants			
<b>REFUSE</b>	<b>MET</b>	<b>*NOT MET</b>	<b>N/A</b>
Location for refuse enclosure. Gates shall not obscure or limit access to any parking stalls or access aisles			
Photometric plan showing lighting is oriented and shielded so as not to illuminate or provide glare to adjoining properties or roadways and show 0.00 at all property lines. All luminaries shall have full cut off provision			
<b>LIGHTING</b>	<b>MET</b>	<b>*NOT MET</b>	<b>N/A</b>
Show installation of decorative street lighting, as required by Town/ Planning Board, on the Lighting Plan. Show proposed locations, (Evenly spaced at approximately 90 ft. separation) and connection to PSEG power source via above or below ground transformer or secondary on utility pole. Street lighting may not be connected to the building. Enclosed please find a copy of the required pole and luminaire details for this particular area for inclusion on the proposed Lighting Plan. Luminaires shall be 70 watt induction. Plans will be forwarded to the Street Lighting Inspector, Division of Traffic Safety, for review and final approval prior to any site plan approval. Final inspection and approval by the Street Lighting Inspector, Division of Traffic Safety, will be required prior to any Certificate of Occupancy or Compliance			

\*NOT MET—APPLICANT MUST EXPLAIN WHY REQUIREMENT IS NOT NECESSARY

# REVIEW CHECKLIST FOR SITE PLAN AND SITE PLAN MODIFICATION

<b>LIGHTING</b>	<b>MET</b>	<b>*NOT MET</b>	<b>N/A</b>
Detailed lighting plan with location, type and height of all lighting in compliance with Article LII of the Zoning Code			
Photometric plan showing lighting is oriented and shielded so as not to illuminate or provide glare to adjoining properties or roadways and show 0.00 at all property lines. All luminaries shall have full cut off provision			
Lighting fixture and pole details are provided with maximum height of 20 feet. Lights are encouraged to be fewer in number, lower in height and light level			
<b>GRADING</b>	<b>MET</b>	<b>*NOT MET</b>	<b>N/A</b>
Topographic elevations in NAV 88 Datum			
Existing and proposed grades (using contours if appropriate) through site and along property line boundaries, including street centerline elevations, spot elevations at all property corners and at a minimum 25 foot spacing along all property lines, high and low points , as well as any such features within the subject property are appropriately noted. Steep slopes greater than 15% shall be highlighted			
First floor and top/bottom of curb elevations, on and off site for full width of right-of-way frontage			
Proposed grades within parking areas are 1% minimum to 5% maximum range			
All slopes are a maximum of 1 on 3			
A retaining wall for those areas where 1 on 3 or greater is not possible. Design to be signed and sealed by a Professional Engineer			
Top and bottom elevations (maximum height of 6 feet) for retaining walls			
Railings for retaining walls over 30 inches in height			
Storm water contributory areas using ridge lines or flow areas			
Existing and proposed storm water inlet and casting elevations			

\*NOT MET—APPLICANT MUST EXPLAIN WHY REQUIREMENT IS NOT NECESSARY

## REVIEW CHECKLIST FOR SITE PLAN AND SITE PLAN MODIFICATION

<b>STORMWATER DRAINAGE</b>	<b>MET</b>	<b>*NOT MET</b>	<b>N/A</b>
Calculations are provided for a storage of 2" rainfall for all on-site contributory areas, including run off coefficients (100% paving & roof, 15% flat landscaped areas—higher for steeper slopes)			
Calculations are provided for a storage of 2" rainfall along the street frontage, including run off coefficients (100% paving & sidewalk, 15% landscape areas)			
Location and size of all proposed and existing drainage structures on site are provided			
Maximum depth of drainage structure ring height is 12 feet			
Date, location, log and elevation of test holes, by soil mechanic or P.E., on site are provided to a depth 2 feet below the deepest drainage structure proposed or water table if encountered			
Connecting pipe between drainage structures is a minimum of 10 feet or one pool diameter (whichever is greater), 15 inch diameter, Reinforced Concrete Pipe CLIV or Corrugated Polyethylene Pipe			
Roof drainage is directly connected to drainage structures with minimum 6" PVC SDR 35 piping			
A minimum 20 foot separation is maintained between drainage structures and sanitary systems, 5' drainage structures to property line, 10' drainage from foundation			
<b>OFF-SITE/STREET IMPROVEMENTS</b>	<b>MET</b>	<b>*NOT MET</b>	<b>N/A</b>
Curb—Item 97A is proposed. NOTES	MET	*NOT MET	N/A
The following Town of Islip notes are on the plan:			
“Contact the Engineering Inspector (224-5360) at least 24 hours prior to start of any work. Work performed without inspection shall be certified to the Town Engineer’s satisfaction at applicant’s expense.”			
“Coordinate and complete all utility relocations. All utilities shall be installed below grade.”			
“Obtain a Town Right-of-Way work permit prior to construction within the Town right-of-way (631-224-5610)”			
“Clearing limit lines shall be staked out by a licensed land surveyor, and either snow fencing or construction fencing shall be erected to protect areas from disturbance or encroachment prior to the start of any activities on site. Fencing shall not be removed prior to completion of final site grading operations.”			
“Placement of fill, installation of retaining walls, dumping of material, excavation, mining, or similar disturbance of land requires an approved site plan. Commencement of any legal action of the above without approval is prohibited and subject to legal action.”			
“Contractor shall contact the Fire Marshall’s office (631-224-5477) prior to installation of any fire service water lines to provide for proper inspection coordination.”			
“All existing or proposed subsurface electric, telephone or cable services shall be installed in appropriate conduit sleeves when permanent, improved surfaces are proposed over the routing path.”			
“All Recycled Portland Cement Concrete Aggregate (RCA) and Fill materials are to be from an approved source. Recycled Portland Cement Concrete Aggregate is to be certified. Documentation is to be provided showing that the material obtained is from a NYSDEC registered or permitted construction and demolition (C&D) debris processing facility as specified in Section 360-16.1 of 6NYCRR Part 360, “Solid Waste Management Facilities”.”			
“Load tickets required for all fill materials brought on site, identifying the source and quantity of materials. All fill to satisfy the requirements of Islip Item 2Bf or Item 2SB.”

No further notice of any resultant modification or addition shall be required.

**617.20**  
**Appendix B**  
**Short Environmental Assessment Form**

**Instructions for Completing**

**Part 1 - Project Information.** The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

<b>Part 1 - Project and Sponsor Information</b>				
Name of Action or Project:				
Project Location (describe, and attach a location map):				
Brief Description of Proposed Action:				
Name of Applicant or Sponsor:		Telephone:		
		E-Mail:		
Address:				
City/PO:		State:	Zip Code:	
1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation? If Yes, attach a narrative description of the intent of the proposed action and the environmental resources that may be affected in the municipality and proceed to Part 2. If no, continue to question 2.			<b>NO</b>	<b>YES</b>
2. Does the proposed action require a permit, approval or funding from any other governmental Agency? If Yes, list agency(s) name and permit or approval:			<b>NO</b>	<b>YES</b>
3.a. Total acreage of the site of the proposed action? _____ acres				
b. Total acreage to be physically disturbed? _____ acres				
c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? _____ acres				
4. Check all land uses that occur on, adjoining and near the proposed action.				
<input type="checkbox"/> Urban <input type="checkbox"/> Rural (non-agriculture) <input type="checkbox"/> Industrial <input type="checkbox"/> Commercial <input type="checkbox"/> Residential (suburban)				
<input type="checkbox"/> Forest <input type="checkbox"/> Agriculture <input type="checkbox"/> Aquatic <input type="checkbox"/> Other (specify): _____				
<input type="checkbox"/> Parkland				

18. Does the proposed action include construction or other activities that result in the impoundment of water or other liquids (e.g. retention pond, waste lagoon, dam)? If Yes, explain purpose and size: _____ _____ _____	<b>NO</b>	<b>YES</b>
19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility? If Yes, describe: _____ _____ _____	<b>NO</b>	<b>YES</b>
20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste? If Yes, describe: _____ _____ _____	<b>NO</b>	<b>YES</b>
<b>I AFFIRM THAT THE INFORMATION PROVIDED ABOVE IS TRUE AND ACCURATE TO THE BEST OF MY KNOWLEDGE</b> Applicant/sponsor name: _____ Date: _____ Signature: _____		

**Part 2 - Impact Assessment. The Lead Agency is responsible for the completion of Part 2.** Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept “Have my responses been reasonable considering the scale and context of the proposed action?”

	<b>No, or small impact may occur</b>	<b>Moderate to large impact may occur</b>
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?		
2. Will the proposed action result in a change in the use or intensity of use of land?		
3. Will the proposed action impair the character or quality of the existing community?		
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?		
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?		
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?		
7. Will the proposed action impact existing: a. public / private water supplies? b. public / private wastewater treatment utilities?		
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?		
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?		

	No, or small impact may occur	Moderate to large impact may occur
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?		
11. Will the proposed action create a hazard to environmental resources or human health?		

**Part 3 - Determination of significance. The Lead Agency is responsible for the completion of Part 3.** For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

- Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
- Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

RE: \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Dear <<Surrounding Owners>>:

This is to notify you that there will be a public hearing before the Town of Islip Planning Board at Town Hall, 655 Main Street, Islip, New York on <<Hearing Date>> at <<6:30>> P.M.

The purpose of this hearing is to discuss the merits of the proposal for the above captioned property for:

\_\_\_\_\_  
\_\_\_\_\_

Proposed plans and/or surveys can be reviewed at the Planning Department located at the Islip Town Hall, 655 Main Street, Islip, New York or by telephone at (631) 224-5450 between the hours of 9 a.m. and 5 p.m.

Although written notification is given only to those within 200 feet of the subject property, please feel free to mention this application to any neighbor who may wish to attend this meeting, all who choose to speak will be given the opportunity to be heard. The Planning Board appreciates your input in the decision making process. If you have any interest in this proposal, we urge you to attend.

Very truly yours,

<<Name of Applicant>>

# AFFIDAVIT OF NOTIFICATION

STATE OF NEW YORK

SS:

COUNTY OF SUFFOLK

The UNDERSIGNED, being duly sworn, deposes and says that in compliance with the requirements of the Town of Islip Planning Board, hereby certifies that all surrounding property owners within two hundred feet of subject property located at \_\_\_\_\_

Town of Islip, Suffolk County, NY, have been notified by certified mail (as per the attached certified mail receipts) dated \_\_\_\_\_ advising said property owners within two hundred feet that a public hearing will be held by the Islip Town Planning Board at 7:30 p.m. on \_\_\_\_\_ 20 \_\_\_\_, at the Islip Town Hall, 655 Main Street, Islip, New York.

**Town of Islip Department of Planning and Development  
Division of Engineering and Contracts**

**Construction Activity Agreement**

**Tax Map No.** 0500 \_\_\_\_\_

**Location of Property:** \_\_\_\_\_

**Application No.** \_\_\_\_\_

**I agree to comply with the following:**

- I will have available on-site this agreement and related plans during the entire construction process. I will explain the requirements to all construction personnel and subcontractors. I take responsibility for full compliance with this agreement and Chapter 47 of the Town of Islip Code (Stormwater Management and Erosion and Sediment Control).
- No vegetation and/or trees may be cleared without first receiving a mark-out or authorization form from Planning, Building and/or Engineering inspectors. Only vegetation, topsoil, and trees specifically in the approved construction activity area may be removed.
- No earth, fill or construction material shall be allowed to migrate off site from this project on the Town of Islip roadway and/or storm drain system or adjacent property.
- No fill shall be brought into a site without the express written approval of a Building or Engineering inspector. Fill piles will only be allowed in a location designated on the plan, or authorized by Building or Engineering inspector(s). Piles of fill shall be stabilized and/or contained with grass seed, silt fences, hay bales, or other approved methods.
- At the end of each workday the adjacent roadway and/or storm drain system shall be inspected by owner or his/her designee for soil or other matter. All construction sites and adjacent roadways shall be cleared of soil and other matter at the end of each workday.
- All construction and demolition debris and materials, including wet concrete, shall be disposed of at an appropriate facility in accordance with all TOI and NYSDEC waste management regulations. Dumping of liquid, semi-liquid, or other materials from a construction site into storm drains, roadways, or vacant property is grounds for a violation.
- Litter shall be picked up on a daily basis from site, adjacent properties and/or the road system.
- Toilet facilities shall be available to all workers on site during the construction period.

**Town of Islip Department of Planning and Development  
Division of Engineering and Contracts**

**Construction Activity Agreement**

**I agree to comply with the following:**

- A temporary stable construction entrance shall be constructed utilizing recycled concrete aggregate (RCA) or a similar material, unless a suitable constructed entrance already exists on the site.
- All municipal or private drainage inlets adjacent to area of construction shall be protected from dirt/matter/pollutants through the use of products/sponges designed for this purpose.
- On areas of steep slopes and areas cleared of vegetation, suitable stabilization methods, as shown on approved site plans and the stormwater pollution prevention plan (SWPPP) shall be employed to prevent soil migration and stormwater runoff.
- All exposed expanses of soil shall be top dressed and stabilized with annual grass seed as soon as areas will no longer be needed for construction staging, or if areas will remain undisturbed for six weeks or longer.
- Prior to tree, shrub or other plantings, soil shall be suitably tilled and prepared.

**IN WITNESS WHEREOF, the parties hereto have caused this Declaration to be duly executed as of the date and year first above written.**

## Map Request Form

### 1. Terms & Policies

- **Timetable**—Requests must be submitted **AT LEASE one (1) week in advance for Custom Maps.** You will be contacted upon completion.
- **Payment Policy**—Payment shall be made at the time of the request either by cash or check. A receipt will be issued for all transactions. Checks must be made payable to the Town of Islip. Checks in excess of \$250.00 must be certified, excluding Attorney Escrow Accounts. A \$15.00 fee will be charged for any returned checks.
- **Refund Policy**—Refunds for requested custom maps are only possible if the refund is requested within 2 business days after application has been filed.
- **Revision Policy**—One revision of a custom map (**11x17 and under**) is included in map pricing. Any subsequent revision requests to custom maps will be subject to a 25% fee of original map price. Large format map revisions are subject to a 25% fee of original map price for any revision.
- **Zoning Maps**—To obtain predesigned, standard maps containing parcel and zoning data for large areas of the town, please fill out a copy of the Zoning Map Request Form, as well as, a Freedom of Information Application and submit both forms to the Town Clerk's Office. This data is available in large format poster size documents only, the Town no longer provides ledger size bound sets. These documents may be subject to additional fees paid to the County of Suffolk.
- **Electronic Delivery**—Applicants requesting electronic delivery for custom maps will be charged for one paper copy at the custom map price. A pdf of the map will be created and password secured to be sent to the applicant via e-mail.
- **Freedom Of Information Law (FOIL) Policy**—Any map that is either a photocopy of an original, a zoning map, a map that can be reproduced using the Town GIS viewers is subject to the FOIL process. Applicant must fill out this application, as well as, a Freedom of Information Application and submit both forms to the Town Clerk's Office. Any such maps are subject to FOIL rates.
- **Delivery Policy**—Maps are available for pick-up or electronic delivery only. Hard copies of maps will no longer be mailed to applicant via postal service. Effective August 13, 2012.
